Textbooks/Supplies:

_AUTO BODY REPAIR TECHNOLOGY 4TH EDITION .Duffy

Safety glasses are required for all lab classes.

Technology/ Media Component: Computer lab, Videos, Interactive software.

Work Keys: All students are required to take the work keys exam. The test is administered in the first semester and the final semester. Successful mastery of the work keys exam is mandatory to earn the Diploma or Associates degree.

Library Project: Students are required to submit either a power point presentation or a three page essay concerning Automotive Technology. The project will require meeting with the Librarian to schedule computer lab time and three references from internet sites. You will also need to include three references from Articles, Periodicals, and Journals. The project will be worth 10 % of your grade.

Web Assignment: Students are required to turn in the Library Project using their student email account with an attachment. The assignment is worth 5% of their grade.

Drop/Add Policy: Refer to Student Handbook.

Policies on Attendance and Late/Missed Work:

Three absences per semester are acceptable. After five absences, the student may be removed from the class with a failing grade at the discretion of the instructor.

If the absence is excused, then it is the student's responsibility to contact the instructor within three days for makeup. However, all makeup is at the discretion of the instructor.

Withdrawal Policy: Through the midterm of the session, a student may officially withdraw from a course and receive a "W." After this period, a student may officially request to withdraw from a course and receive a W which may be given at the discretion of the instructor. Each instructor shall state on the first or second class meeting the factors to be used in determining if a student will be allowed to withdraw during the discretionary period. The student must initiate the official withdrawal. Withdrawal from a course or courses is a serious decision and, in many cases, affects financial assistance and academic progress. In addition, withdrawal does not relieve students from their financial obligation. See the Spring 2008 Schedule of Classes for dates.

Financial Aid Statement: PELL, SEOG, and Student Loan recipients (Title IV) who stop attending or withdraw prior to the 60% point in the semester may be obligated to repay a portion of their financial aid.

KCTCS Code of Student Conduct: Kentucky Community and Technical College System (KCTCS) faculty and students are bound by principles of truth and honesty that are recognized as fundamental for a community of teachers and scholars. The College expects students and faculty to honor, and faculty to enforce, these academic principles. The College affirms that it will not tolerate academic dishonesty including, but not limited to, violation of academic rights of students and student offenses. Students may refer to the KCTCS Code of Student Conduct, www.kctcs.edu/student/code.htm, for more information on student rights, academic offenses, and the student's right to appeal. Further information on student rights is available on the BGTC website under the Become a Student tab, Student Services. (<http://www.kctcs.edu/student/studentcodeofconduct.pdf>)

Safety/General:

- ◆ No student will operate any equipment without having received safety information on that equipment. It is the student's responsibility to make sure he/she has had this instruction.
- ◆ All personal safety equipment is the responsibility of the student. The student will be asked to move to a safe area if all safety equipment is not available.
- ◆ Any student endangering the safety of another student will be asked to leave the class at that time. The student will be allowed to return to class the next period and disciplinary action will be taken.
- ◆ Students will not operate any machine or tool unless the instructor is present.
- ◆ Students are not allowed to operate a vehicle owned by KCTCS.
- ◆ Days the College is not in session
